INTRODUCTION

Good communication skills are a pre requisite in any profession. With this goal in mind, Sukha Education Foundation (Sukha) was established in June 2021. At Sukha we believe that communication impacts one's life experiences and development.

Although India carries the heritage of many culturally diverse languages, English as a global language seems to be able to push forward careers and unlock opportunities for thousands in this country. An essential part of our goal is to connect with government schools/low-income private schools and community centres to allow this category of students to have opportunities.

Bearing this in mind, we created Sukha with one simple goal, to teach communicative English through creative ways and bridge the gap between education and employability. We teach all we can to empower people with the power to communicate.

GUIDING PRINCIPLES

OUR VISION

Our Vision is to bridge the English communication divide by enabling a supportive ecosystem for all.

OUR MISSION

Our Mission is to create a safe space for students to learn, feel empowered and grow. By providing students with the agency to be the most confident version of themselves possible, Sukha seeks to empower individuals to become their best.

OUR CULTURE

Our culture is one of constant evolution. Feedback from our student community is a vital element which refines our teaching methodology and strategy. Empathy is crucial as it creates a much better learning atmosphere to build connections between teacher and student. We believe that our culture is a work in progress.

We teach communicative English through creative ways to bridge the gap between education and employability

ORIGIN STORY

Sukha Education Foundation
Quarterly progress Report 2025 Q4

**June,
2021**

Launched Sukha

Sanjana and Kavya, together, taught a batch of students 8 together| We registered the NGO under the name 'Sukha' meaning happiness (because that is how we feel when we teach)| Launched Sukha's first cohort of students

**December,
2021**

Closed our 1st Cohort

Trained over 6 batches of students (6-10 students each) for over 6 months - Once a week in English communication and Grammar| Worked with over 8 volunteers | Developed and refined our curriculum

**January,
2022**

Launched our 2nd Cohort

Expanded to over 6 batches of students from Tamil Nadu and Kerala (each) | Worked with 12+ volunteers

**June,
2022**

Launched our 3rd Cohort

Taught over two cohorts (each cohort is 6 months) of students across Tamil Nadu and Kerala | Working with 25+ volunteers across 5 verticals | Secured our first corporate training | Launched a new short-term program (Communication through the arts)

PROGRAMS

Team Sukha is extremely grateful for your support in the past years. Our students and pool of talented volunteers inspire us each day to constantly improve and launch programs and events for our students. Currently, Sukha runs the following programs :

English courses (Long-term program)

Sukha runs a program for a period of 6 months. Over this course we train our students in English Grammar and Communication.

Beyond The Chalk Board Programme (Short-term program)

Sukha runs a program for a period of 2 weeks. Through this program, we teach students the basics of theatre, art, and public speaking. The goal is to increase students' exposure to art forms and enable better communication that transcends language, through creative means.

Dare to Dream (Short-term program)

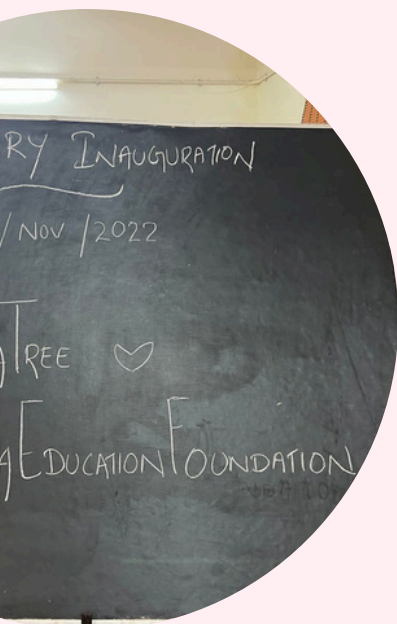

Sukha runs the Dare to Dream program for the students of Kannagi Nagar. Every month, we present our 40-50 students with individuals from diverse career paths in an effort to inspire them to dream and explore new career options.

PROGRAMS

The Book Club Project (Long-term program)

When we started entering local government schools and community centres (where we had already set up our six-month English communication program), we noticed a large section of students eager to further their reading and comprehension. However, they could not access the right books that enhance their skills, as they couldn't gauge their current reading level or the type of books that interest them. This led to Sukha's intervention in building Community Libraries for students.

The goal is to set up a small local lending library in the community. Sukha currently handles the entire management and upkeep of the library.

REACH

3 Libraries

Sukha opened it's third library in Santhome increasing the count to 3.

10+ Partners

Sukha has partnered with NGOs and corporates to launch and conduct our programs.

Offline Centers

Sukha conducts English Course in 12 offline centres and the Book Club Programme in 4 offline centres across Chennai.

300+ Students

Trained over 300+ students across all Sukha Centres.

20+ Volunteers

Working with over 20+ volunteers across 5 verticals | 3 part time employees | 2 Co-COOs.

Workshops

Conducted short-term workshops on CV writing, Photography, Memory Skill training, etc. for students.

ACHIEVEMENTS (1/2)

Month	Planned Activity	Achievements
October	English Language Programme	Started classes in Jeeva Jyothi and Agaram Foundation and started an additional batch in Rotary Nagar and Venu Gopal Vidyalaya.
October, November, December	Dare To Dream Program	In collaboration with The Ashoka Tree, in an effort to motivate them and learn about the different career options for their future, students in Kannagi Nagar listened to speakers from different fitness backgrounds like martial arts, Silambam and a woman's health and fitness specialist.
October, November	Beyond the Chalkboard Program	Conducted a Yoga workshop in Seva Samaj and a First Aid workshop in Jeeva Jyothi center.

ACHIEVEMENTS (2/2)

Month	Planned Activity	Achievements
November	Beyond the Chalk Board Programme	Conducted a workshop on Personal Hygiene and Menstrual Health for girl children and a Mental Health workshop at Gold Heart Foundation. Conducted a CV Writing workshop for 30+ students in Agaram Foundation.
October	Book Club Programme	Kickstarted a batch in Jeeva Jyothi for younger children.
October, December	Training sessions	Hosted two online meets for all Teacher Mentors to collect and give feedback, share experiences and learn from each other.

NEXT STEPS

Where do we go from here? Team Sukha is as excited as ever for what the rest of the year 2025 has in store for us. Below are a few key focus areas and goals that we have set out for ourselves

No. 01 – Expand offline centers

Sukha intends to open more offline centres across Chennai over the year. In the pipeline to target over 100+ students in the next six months.

No. 02 – Expand Libraries

Sukha intends to increase the number of activities conducted at our current libraries along with launching 1 more library along with our partners.

No. 03 – Expand workshops

Sukha plans to conduct one short-term 'beyond the chalkboard program' a month over the period of the next 3 months

No. 04 – Explore partnerships

Sukha intends to partner with several NGOs across Chennai to conduct our communication through the Arts Workshop.
